

Are you interested in a career in
Speech-Language Pathology?

Do you have a Bachelor's
degree in a different field?

The department of Speech, Language
and Hearing Sciences at Cal State East
Bay is accepting applications to its
extended M.S. program in
Speech-Language Pathology.

Our program offers

- A cohort structure with guaranteed spots in SLHS courses and access to professors within the department.
- Research opportunities with SLHS faculty in bilingualism, early language development, neurological language impairments, autism spectrum disorders and more.
- A variety of clinical experiences with adults and children, including the award-winning Aphasia Treatment Program and the Conversation Club for adults with Autism Spectrum Disorders.

The extended graduate program
combines undergraduate
prerequisites and graduate
coursework in 3.5 years –
no need to complete a post-
baccalaureate program.

CAL STATE EAST BAY

DEPARTMENT OF SPEECH, LANGUAGE,
AND HEARING SCIENCES

Our faculty come from a wide range of
basic science and clinical backgrounds,
with degrees in communicative sciences
and disorders, linguistics, psychology,
physics, Spanish, and cognitive science.
